SAHCO HOME COLLECTION AUTUMN 2017

Eye candies for any interior: The new HOME COLLECTION expresses the progressive ideas of the fashion world – very individual and full of character.

The main focus is on modern, trendy colours and the interplay of geometric shapes set in a deliberately simplified design language.

The five beautifully hand-crafted cushions play with contrasts and materials. They feature the SAHCO fabrics CUBA, DALSTON, ELLIS and MANHATTAN in new combinations and settings. A cushion in crocheted wool and the MANHATTAN plaid complete the collection.

The new HOME COLLECTION combines exciting, versatile fabric structures and dazzlingly clear colours in five themed worlds: BLACK+WHITE, AQUA+MANDARINE, BLUE+POWDER, GREEN+PURPLE and SUNNY+PINK.
